

LEARNING MANAGEMENT SYSTEM (LMS)

GauhatiCommerce College Learning Management System (GCC LMS) is an E-learning platform developed by the IQAC, Gauhati Commerce College to expand the academic outreach of Gauhati Commerce College to every nook and corner of the country in general and Assam and North East India in particular.

The LMS provides various free and paid short term, medium term and long term courses related to commerce education and few other related fields that students can access from their IT enabled devices on the move. These courses will help the students to supplement their University learning with active support from the facilities of this hallowed institutions.

Other features of the LMS include quiz tests, faculty blogs, pdf notes, doubt clearing facilities and so on.
